CHANCELLOR'S MESSAGE

It is indeed a momentous occasion as we gather here to embark on a journey of knowledge and self-discovery at the esteemed Arunachal University of Studies. As the Chancellor of this prestigious institution, it fills me with immense pride and excitement to welcome each and every one of you to our university community.

Arunachal University of Studies has a rich tradition of academic excellence, and it has long served as a beacon of learning, attracting students from far and wide. Today, as you step into this new phase of your academic life, I urge you to seize the opportunities that lie ahead with zeal and determination.

Education, as we know, is not merely about acquiring information but about honing critical thinking skills, fostering creativity, and nurturing collaborative spirit. Here, you will be exposed to a diverse array of subjects and perspectives, encouraging you to question, analyze, and innovate. Remember, the skills you cultivate during your time here will not only shape your individual success but will also empower you to become leaders and change-makers in your chosen fields.

However, with privilege comes responsibility. As students of this university, you are entrusted with the task of utilizing your education for the betterment of society. We live in an era fraught with challenges, from environmental degradation to social inequality, and it is imperative that each of us plays a role in

addressing these pressing issues. Let your education serve as a catalyst for positive change, and let your actions speak volumes about your commitment to creating a more just and sustainable world.

As you embark on this academic journey, I encourage you to embrace curiosity, innovation, and growth. Our university prides itself on providing an environment that fosters intellectual curiosity and encourages students to push the boundaries of their comfort zones. So, dare to dream big, dare to take risks, and dare to make a difference.

In conclusion, I extend my heartfelt wishes to each and every one of you as you begin this transformative journey at Arunachal University of Studies. May your time here be filled with enriching experiences, meaningful connections, and boundless opportunities for growth. Together, let us strive to make the most of this precious gift of education and emerge as empowered individuals ready to shape the future for the betterment of all.

Thank you, and once again, welcome to AUS!

Kamal Lochan
Chancellor

FOUNDER'S MESSAGE

With great pleasure I welcome you all to Arunachal University of Studies. Over the past duodecennial, the university has achieved remarkable strides across various disciplines by virtue of collective efforts of its stake holders to cultivate a culture of scientific and critical thinking among all members of academic community.

In this era, science and innovation have revolutionized every facet of human lives, from communication and work to transportation and entertainment. The breakthroughs and discoveries made by scientists and researchers have reshaped the world and paved the way for a brighter future. Alongside these advancements, there are numerous socio-economic challenges that necessitate the embrace of a scientific temperament—one that prioritizes rationality, evidence-based decision-making, and a willingness to challenge assumptions.

University fraternity fosters vision that is applicable to all aspects of life, from personal relationships to professional endeavors. It is about being open-minded, curious, and receptive to learning from others and not just solely confined to scientific world of scientists and researchers. It is the duty of university to instill values in our students, encouraging them to think critically, question assumptions, and develop the skills required to evaluate evidence and draw rational conclusions.

माता भूमिः पुत्रोहं पृथिव्याः
Earth is my mother and I am her child.
Atharvaveda 12.1.12

To achieve this, significant interments are made in research and development in order to provide access to state-of-the-art facilities and equipment for creating opportunities for collaboration among students, faculty, and industry partners. The university offers a diverse range of curriculums with recognized certifications that emphasize critical thinking, scientific inquiry, and evidence-based decision-making.

Looking ahead, it is imperative to recognize the importance of international collaboration in fostering a logic-driven scientific environment. Today's global challenges and deficiencies requires concerted efforts through academic cooperation, and it is only through collaboration and partnership that can innovate and propose viable solutions.

To conclude, I urge the students to be responsible individuals and contributing members of the society. Let us work together to harness the power of creativity and logical thinking to make a better world for ourselves and future generations.

Jai Arunachal! Jai Hind!

Dr. Ashwani Lochan
Chairman

VICE-CHANCELLOR'S MESSAGE

I take this opportunity of welcoming students coming from all parts of North East and other parts of India joining this university in graduate, post graduate and scholars, who have moved from their houses in the quest of knowledge. They must not feel themselves alone, they have joined a new extended family of their teachers, seniors and peers who will support them move ahead. The mission of our university is to prepare our students to be lifelong learners. The valuable contribution of our faculty towards the generation of knowledge, the dedication to providing par excellence learning eco – system delivery of quality teaching which ensures the future success in their life.

The exceptional vision of our Worthy Chancellor Shri. Kamal Lochan and his outstanding contribution has helped the university to implement the strategic agenda focused on realizing the ambitious goals. The university has stated its journey in 2012, proudly encompasses a vast array of programmes ranging from Nursing, Pharmacy, Science and Technology, Legal Studies, Agricultural sciences, Education, Spl. Education, Sports Science, Commerce, Management, Library and Information Science and Skill Based Courses, all these programs offered in the university follow the Choice Based Credit System (CBCS) with outcome based approach. The flexibility in curriculum has been designed under New Education Policy – 2020.

Research, consultancy and innovations are regarded as our pillar of success. The outcomes of research is passed on the students through live projects. Faculty members and research scholars have been able to publish good quality research papers work in high impact factor journals of repute. A large numbers of

national and international conferences, seminars and workshops are organised by the university. In short we can say that research activities of our faculty lead to an extraordinary enrichment of the experiences of our students. A Research and Development Cell has been constituted in the university to promote and strengthen research programmes.

Adequate infrastructure is always priority of the university. The basic facilities available in the campus including wifi, library, student's hostel, staff residence, guest house, sports facilities, cafeteria etc. The university provides scholarships for meritorious students on the basis of merit cum means. In addition, the sponsoring body of university, World Education Mission provides financial support to the research scholars, talented sports persons and other students who prove themselves as pillar in any cocircular activities.

We adopt the process of examination fully computerised, totally confidential, safe and secure. Moreover the university provides safe and peaceful environment that is useful to learning with the active support of students, faculties, administrative staff and the university authorities.

I wish and assure you, on behalf of the university family, that will help you pursue your objective of life under varied social, cultural and economic environment and make the university proud of your attainments.

Prof. D.S Hernwal
Vice-Chancellor

AUS– THE UNIVERSITY OF RISING SUN IN INDIA & THE LEADING UNIVERSITY OF NORTH–EAST INDIA

Arunachal University of Studies (AUS) is the first self-sponsored university located in the state of Arunachal Pradesh in Northeast India. The Arunachal University of Studies longitude & latitude wise is the first Indian University to witness Sunrise everyday. The Arunachal University of Studies has been established by Govt. of Arunachal Pradesh through an Act of State Legislature. The University is duly recognised by UGC u/s 2(f) and is empowered to award degrees specified u/s 22 of the UGC Act 1956. The University is a member of the Association of Indian Universities (AIU), New Delhi. The certifications issued by the University are globally accepted. The university offers a wide range of undergraduate, postgraduate, and doctoral programmes in various fields of study, including engineering, management, law, humanities, social sciences, education, applied sciences and medical sciences.

One of the unique features of AUS is its focus on promoting indigenous knowledge and culture. The university has a dedicated department for the study of indigenous knowledge and practices, which aims to preserve and promote the rich cultural heritage of the region. It also offers workshops, seminars, and conferences in tribal studies and folk literature, which are designed to provide students with a deeper understanding of the diverse communities and traditions of the region. Another distinguishing feature of AUS is its emphasis on practical and experiential learning. The university has state-of-the-art facilities for research and innovation, including well-equipped laboratories, libraries, and computer labs. It also has tie-ups with industry partners to provide students with hands-on training and exposure to real-world problems and solutions. The university has a strong focus on entrepreneurship and innovation and provides support to students and faculty members to start their own incubation centre/ businesses and ventures.

**A NAAC
Accredited
University**

AUS is committed to provide a holistic education to its students and has a range of extracurricular activities and programs to foster the overall development of its students. The university has a vibrant sports culture, with facilities for indoor and outdoor games, including cricket, football, basketball, badminton, and table tennis. It also has a well-developed cultural and arts program, with events and festivals organised throughout the year to showcase the talent and creativity of its students. The faculty at AUS is highly qualified and experienced, with a strong focus on research and innovation. The university has a mix of full-time and visiting faculty members, who are experts in their respective fields of study. The faculty members are encouraged to undertake research and publish papers in leading journals, and the university provides support for their research activities through grants and funding.

The admission process at AUS is based on a merit-based system, with candidates being selected based on their academic performance and aptitude for the program of their choice. The university also provides scholarships and financial assistance to deserving students, based on their merit and financial need. AUS fee for different courses is affordable and the university also offers flexible payment options and instalment plans to make education accessible to all. AUS has a strong alumni network, with its graduates occupying key positions in various industries and organizations. The university has a dedicated placement cell, which provides assistance and guidance to students for their career development and job placements. The placement cell also organises campus recruitment drives and job fairs, where students can interact with recruiters from leading companies and organizations.

Arunachal University of Studies is a premier institution of higher education in Northeast India, with a focus on promoting knowledge and culture, practical and experiential learning, and holistic education. The university provides a nurturing and supportive environment for students to grow and excel in their chosen fields of study, and prepares them for successful careers and fulfilling lives. With its commitment to excellence and innovation, AUS is a model for other institutions of higher education in the region and beyond. Welcome to AUS.

THE PROUD ACHIEVERS OF AUS

AUS takes its commitment to student success seriously. By offering comprehensive placement support across various fields such as Technology, Management, Law, Pharmacy, and Life Sciences, it aims to equip students with the necessary skills and experiences to succeed in their chosen career paths. The Training and Placement Cell seems to be the backbone of this support system, actively engaging with industry partners year-round to secure promising placement opportunities for students. Additionally, the emphasis on training within organizations suggests a proactive approach to preparing students for the professional world, ensuring they are well-equipped with both theoretical knowledge and practical experience. This approach aligns with the modern demands of the job market, where employers often seek candidates with not only academic qualifications but also hands-on skills and industry exposure. By focusing on qualities like quality, discipline, self-learning, and ethics, AUS appears to be fostering a well-rounded and competent workforce ready to contribute meaningfully to their respective fields

HELLO WORLD

Choosing a university and the perfect course is a life-changing decision. Everyone from around the country finds themselves well-suited at AUS. This is purely because students graduating from Arunachal University of Studies are exposed to top-notch educational infrastructure. AUS is known as the best private University in Arunachal Pradesh. Education, Innovation, Research, and Community-driven - the campus revolves its daily affair around it.

Being highly industry-orientated, AUS's pedagogy has evolved to be one of the finest in the region. The curriculum flexes between classroom teaching and industry training. This lets students understand theoretical knowledge on campus and implement them in the industry. AUS's core value is to equip its students with a distinctive career viewpoint and industrial skills, giving them a great opportunity to access networks via University-Industry programmes conducted for every programme.

AUS welcomes students of all origins, races, genders, and nationalities to take advantage of opportunities to explore the academic world through a variety of programmes.

TOP 6 REASONS TO CHOOSE AUS

- **Research-driven Programmes:** All the courses offered by AUS have been designed considering industry requirements that need to be filled in the next decade. The academic programs offered at AUS make sure they align with not just your interest by the industry requirements too.
- **Global Exposure:** AUS strives to expose its students to different cultures and develop a greater understanding and appreciation for diversity. AUS has a tie-ups with numerous international universities that lets students challenge themselves to study to become proficient in their programme with global exposure.
- **Safe Campus Life:** AUS has a very rich campus culture that promotes a well-balanced student life. The campus has strict Anti-Ragging policies ensuring that each and every student finds themselves safe.
- **Classroom-Playground Balance:** A holistic approach to studies that encourages students to participate in extra-curriculum activities is always AUS's highest priority. Get yourself exposes to a state-of-an-art infrastructure that promotes outdoor-indoor games and other literary activities.
- **Alumni Network:** The strength of AUS is through our Alumni Network lets students use the channel to learn from their alumni and weave opportunities for career advancement via networking
- **Personal Growth:** AUS cares about its students. The academic exposure challenges students to step outside of their comfort zone, develop independence, and build character because the students are the future face of the country and education begins at home i.e. AUS.

CAREER PROSPECTS

With AUS globally exposed pedagogy students are provided with valuable experience that becomes an asset for their future career endeavours in this globalized job market. AUS has always been upfront in providing career-focused programmes in all its sections of graduation. AUS believes that is highly beneficial for not just the students but also for the University because it becomes a strong channel to bridge the gap between the industry and the campus.

We understand that students venture out seeking University programmes that enable them to a specific career path. We hear you! Therefore by offering over 150+ courses, students are ready to achieve their professional goals in their chosen fields right from day one. As prospective students, they must also understand that our pedagogy enhances their chances of employability no matter how competitive the job markets keep getting every year.

Such placement drives have enhanced AUS's reputation of producing some of the best graduates that add immense value to the workforce and contribute in the development of the nation.

AUS has incorporated mandatory internships during semesters which helps students to transition from classroom to workplace. Inspired by Prime Minister's vision of Self Reliant India, AUS has been encouraging, training, and supporting students to become entrepreneurs and help in employment generation in the country. We are proud that AUS enables students to achieve their dream careers.

STUDENT EXPERIENCE

Diversity

AUS welcomes its students to one of the country's most diverse and inclusive campuses. The university gives admissions to every deserving student irrespective of their background, identity, gender, or beliefs. Our holistic approach to being an inclusive campus lets out students be exposed to numerous backgrounds and cultures for their character-building and nourishment.

Accommodation

AUS welcomes everyone to stay on their beautiful campus. Comfortable and modernly equipped hostel facilities can be availed by students on a first come first serve basis. The hostels are equipped with high-end security staff and offer some scrumptious food to savour.

Learning made Fun

AUS is the hub for multiple social and industrial outreach programmes. This lets students have great learning experiences in the most fun way possible. Here the students are offered every resource and assistance to engage in both academic or co-curricular activities that uplift their academic journey and experiences.

Support

AUS supports its students throughout its association and even after via Alumni networks. AUS has a dedicated committee to handle various student-related issues to help them feel safe and welcomed. Be it accommodation, placements, extra-curriculum activities, health, and well-being, lectures, and others - the students' demands are addressed to as the highest priorities.

INFRASTRUCTURE & FACILITIES

COMPUTER LAB

Arunachal University of Studies has a state-of-an-art computer laboratory ideally designed to offer students access to tools and technology to support their academic journey. All the computer labs are highly spacious and can accommodate an entire class enabling them to work comfortably without having to miss out on the equipment. The ergonomic chairs make the students very comfortable and adjust to spending their time in front of the computer by maintaining a good posture. For any course chosen, each computer has all the necessary software installed to enhance productivity and expand its research databases. Lastly, all the labs are equipped with high-speed internet connectivity so that the students can access educative resources online at any given time.

INFRASTRUCTURE & FACILITIES

LIBRARY

AUS has the largest collection of academic books in the region. What makes our Library a great one is because of the wide-range and diverse collections of academic, non-academic, career-building, personality development, and research books that are regularly updated to stand to the urgent requirements. Our library staffs are highly trained professionals that give the students an inclusive and welcoming environment for them to study, read, and engage comfortably. The library is up-to-date technology, including computers, Wi-Fi, and online resources to support every student's research and learning needs. Our libraries are environmentally sustainable since AUS always puts efforts to reduce waste and use only sustainable materials.

INFRASTRUCTURE & FACILITIES

CAMPUS LIFE

AUS is one of the most inclusive and diversified campuses in the whole of the Northeast. The 85 acres campus honours state-of-art infrastructure equipped with modern facilities helping students march forward towards their professional careers from day one. Ideal for both academics and cultural activities, the AUS campus is designed to ensure everybody within the premises uses the best of its facilities to socialise, learn, and grow. The 24/7 on-site campus management team is always on the watch to ensure students, staffs, and visitors are safe, and secure, and get to experience the best of AUS.

Within the campus, students get to relax in the lush green gardens, enjoy delicious healthy drinks and snacks from the cafeteria, feast at the campus mess with all in-campus grown vegetables, play at various outdoor grounds, or just hang out at the campus during your academic recess. The AUS is the foreground for stimulating the future leaders of the country. Therefore, perpetuating a hyperactive campus has become a ground for inspiration for many events, clubs, societies, communities, etc. Come study at AUS, and be a part of the most glorious educational system ever.

INFRASTRUCTURE & FACILITIES

HOSTEL & MESS

Over the past decade, AUS has fostered an inclusive residential community for a diverse and dynamic experience. AUS has been promoting the holistic development of students, especially those wanting to reside within the campus walls. The hostels at AUS have all the modern features considering the comfort and privacy of the young students. The hostels are separate for both girls & boys and they can be availed on first cum first basis at the time of admissions.

The food served within the premises is mostly farm grown available on the campus and is curated keeping in mind the nutrition and taste of every resident. The hostel mess prepares both vegetarian and non-vegetarian cuisine for the residing students. AUS prioritises the safety of every student and has formulated comprehensive approaches to address the safety and security of the students. The premise is secured by HQ CCTV cameras at every entry and exit point. The hostels also have medical facilities to avail at the time of emergency. The infrastructure also has fire safety equipment installed and has been subject to regular inspections. AUS implements these measures to create a secure and safe on-campus environment for students ensuring they focus on their studies and personal growth without having to worry about anything.

Girls Hostel

INFRASTRUCTURE & FACILITIES

SPORTS FACILITIES

A student who is mentally and physically active has more success rates than those who aren't. AUS has been active throughout the years to facilitate an avenue where the student engages and gets involved in campus life via sports. So far the campus has connected its students like a community promoting healthy competition that helps students develop their leadership skills, sense of judgement, and teamwork. Being physically active also attracts great concentration power and retention values the students. Hence by various successful sports teams in football, volleyball, handball, basketball, tennis, badminton and others, the sports programme of AUS is here to enhance not just the university's reputation and visibility but also to increase the athletic programme of all its prospective students because maintaining good health is the only way to lead a life.

INTERNATIONAL COOPERATION

Chiang Mai University, Thailand

Founded in January 1964, under a Royal Charter granted by His Majesty King Bhumibol Adulyadej, Chiang Mai University is the first provincial University in Northern Thailand. Ever since its foundation, Chiang Mai University is focused on comprehensive institution of higher learning while providing a broad range of academic programs. In the field of research, Chiang Mai University has been launching international programme and has taken innovative initiatives and development projects, the results of which are utilized to further enhance the standards of teaching, learning and technology transfer, supporting the social and economic development of the region and the country at large. The University has recently celebrated its 60th Anniversary and has been highly recognized for its unique accomplishments and enhanced development.

Northumbria University, Newcastle

It is one of the largest universities in the UK. Each year a large community of Indian students joins onto a wide range of courses, including Business, Computing, Design, Engineering, Public Health and many more. The University offers the opportunity to gain extra skills through their Advanced Practice two year Masters programmes and Sandwich year schemes which offer the opportunity to apply for a work placement or to study abroad.

An MOU has been signed between Arunachal University of Studies and Northumbria University to establish a relationship to co operate in a broad range of areas and to work together for the benefit of Indian candidates who would like to have an international academic background.

Coventry University, London

Founded by entrepreneurs and industrialists as the Coventry School of Design in 1843, and in 2018 celebrated 175 years, Coventry University is a dynamic and outward-looking institution with a tradition of teaching excellence, impactful research and bold international partnerships. Coventry has consistently ranked in the top 15 UK Universities by the Guardian University Guide 2016-2020, serving to reinforce its teaching and research excellence. Furthermore Coventry has been awarded a 5 star overall rating by the QS Stars award system.

Recently an Agreement (CRA) has been signed between Coventry and Arunachal University of Studies, offering an opportunity for Indian students from Arunachal University of Studies gets transferred to Coventry University at the final stages and acquire graduate degree. Presently is it done for BBA to B.A International Business and in future we are looking forward to work together in a broad range of areas which will be beneficial for Indian candidates who would like to have International background.

Maejo University, Thailand

Maejo University, located in Chiang Mai Province, Thailand, is the oldest agricultural institution in the country. Founded in 1934 as the Northern Agricultural Teachers Training School, it gained the status of a full-fledged public university in 1996 and since then has been known as Maejo University. Maejo University main campus is at Chiang Mai along with two smaller campuses in Phrae and Chumphon.

Duration	: Minimum 1 Year Max 3 Yrs.	
Eligibility	: Refer Programme Regulation	
Application Fee	: ₹ 5,100/-	
Registration Fee	: ₹ 20,000/-	
Programme Fee	: ₹ 1,80,000/-	
Thesis Submission Fee	: ₹ 30,000/-	

Doctor of Science (D.Sc.) Post-Doctoral Research

Duration	: Minimum 1Year Max 3 Yrs.	
Eligibility	: Refer Programme Regulation	
Application Fee	: ₹ 5,100/-	
Registration Fee	: ₹ 20,000/-	
Programme Fee	: ₹ 1,80,000/-	
Thesis Submission Fee	: ₹ 30,000/-	

Doctor of LAW (L.L.D.) Post-Doctoral Research

Duration	: Minimum 2 Years Max 4 Yrs.	
Eligibility	: Refer Programme Regulation	
Application Fee	: ₹ 5,100/-	
Registration Fee	: ₹ 20,000/-	
Programme Fee	: ₹ 1,80,000/-	
Thesis Submission Fee	: ₹ 30,000/-	

Research Scholars with good academic credentials and UGC prescribed qualifications may avail World Education Mission Research Scholarship with Assistant Professorship.

School of Nursing

Welcome to the School of Nursing at Arunachal University of Studies, where we are deeply committed to ensuring that our students experience excellence in their education. With a team of experienced teachers, researchers, clinicians, and professional leaders, we aim to prepare our students to become licensed nurses who are not only skilled practitioners but also capable of assuming leadership roles within the healthcare system.

At our institution, students receive outstanding training that equips them with the necessary knowledge and skills to provide high-quality nursing care. Our program emphasizes clinical education, ensuring that graduates are well-prepared for the demands of the profession. With an AUS degree, our graduates enter the healthcare field with a strong foundation in research, theory, clinical skills, and community service, distinguishing them as leaders in their field who are capable of driving positive change in healthcare delivery.

Our nursing programs are designed to instill core values of caring, excellence, integrity, and diversity in our students. We prioritize the development of critical thinking, understanding of health systems and economics, interdisciplinary care, public health, and effective communication in various healthcare settings.

It's important to note that our nursing program is approved by both the Indian Nursing Council, New Delhi, and the Arunachal Pradesh Nursing Council, Directorate of Medical Education, Government of Arunachal Pradesh, ensuring that our curriculum meets national standards and requirements.

We invite you to explore the opportunities available at the School of Nursing, Arunachal University of Studies, and discover how we can support you in beginning or advancing your career in nursing. Choosing to join us will be a decision that can truly change your life.

- Annual Examination Fee :- ₹ 5,000/-.
- Apprenticeship/ Experiential Learning/ OJT Fee :- ₹ 5,000/- or actual whichever is higher.
- © Credit Transfer Fee as applicable.
- Minimum 80% attendance is required.

School of Nursing

General Nursing & Midwifery (GNM)

Duration : 3 Years

Eligibility : 10+2 (with English in any stream) min. 45% marks.

Annual Fee : ₹ 1,04,000/-

Min. Age Limit : 17 years on Dec 31st of year of admission & medically fit

Financial Assistance : Candidates may apply for Fee reimbursement under various Central or State Govt. schemes subject to eligibility conditions and compliance of prescribed terms and conditions of the relevant granting agency.

Bachelor of Science (Nursing)

Duration : 4 Years

Eligibility : 10+2 (PCB & Eng.) with minimum 45%

Annual Fee : ₹ 1,30,000/-

Min. Age Limit : 17 years on Dec 31st of year of admission & medically fit

Financial Assistance : Fee reimbursement upto ₹ 20,000/- for candidates having family income less than ₹ 5,00,000/- (Five Lakhs) per annum under schemes offered by Central Govt./ State Govt. or World Education Mission subject to compliance of prescribed terms and conditions. or

Fee reimbursement upto ₹ 50,000/- for APST candidates having family income less than ₹ 2,50,000/- (Two Lakhs Fifty Thousand) per annum under schemes offered by Central Govt./ State Govt. subject to compliance of prescribed terms and conditions.

School of Pharmacy

The School of Pharmacy at AUS is dedicated to providing an exceptional educational environment for those interested in the field of pharmaceuticals. Pharmacy, as a science, encompasses the preparation, dispensing, and utilization of drugs and medicines, playing a vital role in healthcare. With India's significant population and the increasing demand for safe and effective medication therapy, there's a growing need for well-trained pharmacists to cater to patient needs. Additionally, India's prominence as a major supplier of generic drugs globally underscores the importance of having a skilled workforce to support this industry.

Our Pharmacy program at AUS, housed within the Department of Medical Sciences, is accredited by the Pharmacy Council of India. Through our professional degree program, we prepare students for diverse careers in pharmacy, including roles as pharmacists, pharmacy technicians, and related professions in the pharmaceutical industry.

The curriculum is meticulously crafted to provide a comprehensive understanding of both the basic sciences and pharmacy practice, including therapeutics and drug information. Practical experience is emphasized, offering opportunities for students to gain hands-on training in various pharmacy settings such as hospitals, community pharmacies, and research laboratories.

Our pedagogy covers essential topics in pharmaceuticals, including pharmacology, pharmaceutical chemistry, pharmacy practice, and clinical pharmacy, among others. We equip our students with in-depth knowledge about medicines, their uses, and potential side effects. At AUS, we focus on nurturing strong patient-pharmacist relationships and instilling a patient-centered approach to care, essential for professional pharmacists.

Upon completion of the program, graduates are well-prepared for roles in clinical pharmacy, retail pharmacy, hospital pharmacy, homecare pharmacy, and other sectors within the healthcare industry. This course not only fosters a compassionate demeanor but also provides abundant employment opportunities, given the increasing demand for skilled pharmacy professionals.

Join us at the School of Pharmacy, AUS, where we are committed to shaping the future of pharmacy professionals and meeting the evolving needs of the healthcare sector. Your journey with us will not only enrich your knowledge but also open doors to fulfilling career prospects in pharmacy.

- Annual Examination Fee :- ₹ 5,000/-.
- Apprenticeship/ Experiential Learning/ OJT Fee :- ₹ 5,000/- or actual whichever is higher.

School of Physiotherapy

The School of Physiotherapy at Arunachal University of Studies (AUS) is dedicated to providing a comprehensive and advanced educational experience in the field of physiotherapy. Physiotherapy, also known as physical therapy, plays a crucial role in enhancing the quality of life for individuals by promoting mobility, function, and overall well-being.

At AUS, our School of Physiotherapy is committed to cultivating a nurturing environment that fosters excellence in education, research, and clinical practice. We recognize the importance of physiotherapy in addressing a wide range of musculoskeletal, neurological, cardiopulmonary, and other health conditions.

Our program is designed to meet the highest standards and is aligned with the guidelines set forth by regulatory bodies such as the Indian Association of Physiotherapists (IAP) and the World Confederation for Physical Therapy (WCPT). The curriculum encompasses a blend of theoretical knowledge, practical skills and clinical experience to ensure that our students are well-prepared to meet the challenges of modern healthcare practice.

Students at the School of Physiotherapy have access to state-of-the-art facilities and equipment, as well as experienced faculty members who are experts in their respective fields. Our faculty members are dedicated to providing personalized attention and mentorship to help students achieve their full potential.

Upon graduation, our students are equipped with the knowledge, skills, and confidence to pursue careers as competent and compassionate physiotherapy professionals. They are prepared to work in a variety of settings, including hospitals, rehabilitation centers, sports clinics, community health centers and private practices.

Whether you are a prospective student or a healthcare professional looking to advance your career, we invite you to explore the opportunities available at the School of Physiotherapy, AUS. Join us in our mission to promote health, wellness and independence through excellence in physiotherapy education and practice.

School of Medical Lab Technology

The School of Medical Laboratory Technology at Arunachal University of Studies (AUS) is dedicated for providing a rigorous and comprehensive educational program in the field of medical laboratory science. Medical laboratory technology plays a critical role in healthcare by providing essential diagnostic information that helps healthcare providers make accurate diagnoses and treatment decisions.

At AUS, our School of Medical Laboratory Technology is committed to preparing students for careers as skilled and competent medical laboratory professionals.

Our curriculum covers a wide range of topics, including clinical chemistry, hematology, microbiology, immunology, and molecular diagnostics. Students receive hands-on training in laboratory techniques, instrumentation, and quality control procedures to ensure accurate and reliable test results.

In addition to classroom instruction, students at the School of Medical Laboratory Technology have the opportunity to gain practical experience through clinical rotations in affiliated healthcare facilities. This real-world experience allows students to apply their knowledge in a clinical setting under the guidance of experienced laboratory professionals.

Upon graduation, our students are well-prepared to pursue careers in various healthcare settings, including hospitals, clinics, diagnostic laboratories, research laboratories, and public health agencies. They are equipped with the skills, knowledge, and professionalism needed to meet the demands of the rapidly evolving field of medical laboratory science.

Whether you are a prospective student or a healthcare professional looking to advance your career, we invite you to explore the opportunities available at the School of Medical Laboratory Technology, AUS. Join us in our mission to train the next generation of medical laboratory professionals and contribute to the advancement of healthcare.

Faculty of Agricultural Sciences

At Arunachal University of Studies (AUS), we recognize agriculture as the cornerstone of India's economy, engaging over 70% of the workforce. In a state like Arunachal Pradesh, with its immense potential for agricultural and horticultural activities, promoting these sectors becomes imperative. With a deep understanding of the future prospects of the agricultural industry, AUS offers a diverse range of courses to empower students to pursue rewarding careers in agriculture.

Our faculty of Agricultural Sciences invites students to embark on a journey to unravel the mysteries of nature while merging theoretical knowledge with practical, real-life applications through hands-on projects at our farms. AUS offers a multidisciplinary approach, encompassing various subjects essential for a well-rounded education in agriculture.

Our curriculum is meticulously crafted to provide students with an industrial perspective on agriculture, covering aspects such as entrepreneurship, sales, production, business, and academics. We understand the diverse requirements of the agriculture sector, including logistics, marketing, distribution, and agro-food businesses. Thus, our state-of-the-art curriculum prepares students to meet these challenges and excel in their careers.

Upon completion of their courses, our students are presented with ample employment opportunities, not only within the country but also internationally. The education they receive equips them with the skills to identify and enhance agricultural productivity, contributing positively to society. Moreover, our teachings are grounded in intensive theories that provide candidates with the necessary tools to navigate real-life challenges in the field of agriculture.

Join us at Arunachal University of Studies and embark on a journey to explore the vast potential of agriculture. Our programs offer a blend of theoretical knowledge, practical experience, and industrial insights, ensuring that our graduates emerge as competent and innovative leaders in the field of agriculture, ready to make a meaningful impact on the world.

School of **Science**

The School of Science under the Faculty of Science & Technology aims to foster an environment of academic excellence, scientific inquiry, and interdisciplinary collaboration, providing students with opportunities for research and practical experience. The School aims to produce graduates who are well-prepared to meet the challenges of the scientific field and to make significant contributions to society. At the Faculty of Science & Technology, students are taught to contribute to the development of new technologies, discoveries, and solutions to some of the world's most pressing challenges.

Choosing science as a field of study in India can offer several benefits for students by developing critical thinking, problem-solving, and analytical skills, which are highly valued in many professions. With experienced faculty members, hands-on

learning through laboratory work, research projects, and internships, innovative teaching methods, interdisciplinary approach, and emphasis on soft skills such as communication, problem-solving, and teamwork, alongside technical skills, this Faculty is providing the most comprehensive and engaging programme that prepares students to be successful and innovative professionals in their respective fields. The Faculty of Science & Technology department of AUS has some of the best facilities and curricula to ensure your scientific journey is commenced with the guidance of the best minds. Come study science at AUS and unravel the unknowns in the field of science.

School of Education

Arunachal University of Studies (AUS) stands as a beacon of excellence in the North-Eastern region, renowned for its commitment to providing top-tier professional education. Within this esteemed institution, the School of Education (SoE) is dedicated to shaping students into exceptional educators, recognizing the profound impact teachers have on shaping the future.

At AUS, we firmly believe that teaching is a noble and rewarding profession, offering educators the opportunity to positively influence the lives of their students and witness their growth firsthand. The SoE is dedicated to nurturing aspiring educators through state-of-the-art instructional methods that enhance cognitive abilities and foster holistic development.

Our curriculum at the School of Education encompasses a wide range of subjects, including teaching methods, educational psychology, curriculum development, assessment, and classroom management. Through a comprehensive program, students have the opportunity to gain practical experience through fieldwork and student teaching, preparing them for the challenges they will encounter in real-world educational settings.

We are committed to training the next generation of educators to be the finest in the country. All courses offered by the SoE are duly recognized by the National Council for Teacher Education (NCTE), New Delhi, ensuring that our graduates meet national standards of excellence.

In addition to technical skills, we place a strong emphasis on the development of interpersonal skills, such as communication and empathy. Students are provided with opportunities for practical experience through fieldwork, teaching practice, and internship programs, allowing them to hone their skills and build confidence in their abilities.

Join us at the School of Education, AUS, and embark on a journey to become a transformative educator, equipped with the knowledge, skills, and passion to make a difference in the lives of future generations. Your experience at AUS will not only shape your career but also inspire you to become a catalyst for positive change in the field of education.

School of Special Education

The School of Special Education at Arunachal University of Studies (AUS) holds a special place in our educational framework, as it is dedicated to upholding the principles outlined in India's Rights of Persons with Disabilities Act, 2016. This legislation mandates that every educational institution must have special educators or teachers trained to work with differently-abled children, ensuring inclusivity and equal opportunities for all.

Differently-abled children possess unique needs that require specialized teaching techniques and strategies. Special educators play a crucial role in promoting inclusion by creating an environment that is accessible and accommodating for all students. By equipping teachers to work effectively with differently-abled children, schools across the country can ensure that these students receive the support they need to thrive and reach their full potential.

The School of Special Education (SoSE) at AUS is dedicated to imparting quality education to individuals with special abilities, who may require extra care and attention in their learning journey. At AUS, we believe in transforming disabilities into special abilities and addressing them through innovative teaching methods, adaptable knowledge, and personalized services.

SoSE at AUS is duly approved and recognized by the Rehabilitation Council of India, New Delhi, affirming its status as a center of excellence in Special Education within the entire region. It is worth noting that SoSE is the sole institution in the North-Eastern region offering Bachelor's, Master's, and Doctoral level special education programs, underscoring our commitment to providing comprehensive education and support to individuals with special needs.

Join us at the School of Special Education, AUS, and become a part of our mission to empower individuals with special abilities, enabling them to achieve academic success and fulfill their aspirations. Together, we can create a more inclusive and equitable society where every individual is valued and supported.

School of Physical Education & Sports

The School of Physical Education & Sports at Arunachal University of Studies (AUS) provides students with a holistic education that combines both sports and academics, aiming to develop well-rounded individuals who are prepared for future academic and professional opportunities. Our department boasts experienced and qualified professors, coaches, and trainers who deliver high-quality training to our students.

At AUS, we pride ourselves on our top-notch facilities, which include well-maintained sports grounds, gyms, and other essential equipment. We believe in providing students with the resources they need to excel both on and off the field.

Our pedagogy focuses on individualized support and training, recognizing that each student has unique strengths and weaknesses. Through personalized attention, we strive to help every student reach their full potential, both athletically and academically.

Sports education goes beyond physical activity; it teaches valuable life skills such as effective communication, teamwork, and cooperation. Through sports, students learn how to work together towards a common goal, fostering a sense of camaraderie and mutual support.

Our curriculum covers a wide range of subjects, including Anatomy and Physiology, Biomechanics, Exercise Physiology, Kinesiology, Sports Psychology, Nutrition, and Sports Management, among others. By offering a comprehensive education in sports science, we prepare our students to excel in various aspects of the sports industry, from coaching and training to sports management and administration.

Join us at the School of Sports, AUS, and experience a unique educational journey that combines the thrill of sports with the rigor of academics. Together, we will help you unlock your full potential and prepare you for a successful and fulfilling career in the world of sports.

Faculty of Legal Studies

The Faculty of Legal Studies at Arunachal University of Studies (AUS) stands out as an exceptional department, offering students a comprehensive education in legal concepts, practices, and systems. Our curriculum encompasses core legal subjects such as criminal law, contract law, constitutional law, and property law, along with specialized courses in areas like intellectual property law, human rights law, environmental law, and international law.

We believe in providing students with practical skills and hands-on experience, which is why the Faculty emphasizes experiential learning opportunities such as moot court competitions, legal clinics, internships and mock trials. These activities help students develop essential skills and gain real-world experience that prepares them for success in their legal careers.

Our faculty comprises scholars and practitioners with expertise in various legal fields, ensuring that students receive a well-rounded education from professionals who are leaders in their respective areas.

AUS is committed to supporting students in unleashing their full potential and attaining success in the field of law. The legal profession offers numerous career opportunities, competitive salaries, and the chance to develop in-depth knowledge of various aspects of the law. Additionally, the skills acquired through legal education, such as critical thinking, problem-solving, and effective communication, are highly transferable and valuable in many other professions.

Choosing a career in law through the Faculty of Legal Studies at AUS is an exciting and adventurous choice. It allows students to uphold justice ethically and morally while making a positive impact on society. Join us at AUS to experience a vibrant study atmosphere and pave the way for a successful career in the field of law.

Faculty of Library & Information Science

The Faculty of Library and Information Science at Arunachal University of Studies (AUS) plays a crucial role in preparing professionals for the evolving landscape of information management and organization in the digital age. As technology continues to advance, there is an increasing need for individuals who possess the skills and knowledge to effectively gather, organize, preserve, and disseminate information across various platforms and sectors.

Our program covers both the professional and academic aspects of information management, including the collection, organization, preservation, and dissemination of information. We provide students with a deep understanding of how information is created, distributed, identified, analyzed, selected, accessed, used, and managed.

The rise of e-learning, online research, and digital libraries has heightened the demand for professionals with expertise in managing digital information. Additionally, the growing importance of data privacy and security has created a need for professionals who can ensure the safety and accuracy of information.

Graduates from our program can expect to have a wide range of career opportunities in industries such as government, healthcare, education, media, and business. They are equipped with the skills and knowledge necessary to thrive in roles related to information management, digital libraries, data analysis, research, and more.

The future of Library and Information Science programs is indeed promising, and at AUS, we are committed to providing our students with the education and training they need to succeed in this dynamic and rapidly evolving field. Join us at the Faculty of Library and Information Science, AUS, and be a part of shaping the future of information management and organization.

NHEQF Level : 6 To 6.5

Financial Assistance : Candidates may apply for Fee reimbursement under various Central or State Govt. schemes subject to eligibility conditions and compliance of prescribed terms and conditions of the relevant granting agency.

Faculty Of Skill Development & Vocational Studies

The Government of Arunachal Pradesh established Arunachal University of Studies as a state skill university for providing high quality education supplemented with industrial internship and professional training in various areas of studies. As per the reports of NSDC by 2021 around 6 Lakh people of the state will be unemployed. Complying with the legislative directives, the university established FSDVS in 2012. FSDVS is offering employment-centric, capacity building and training related Programme for skill & entrepreneurship development of the youth. FSDVS is also assisting the students of vocational education to transfer already earned formal/ in-formal/ vocational credits into the formal education system and vice-versa.

Faculty of Skill Development & Vocational Studies

National Skill Qualification Framework (NSQF)

FSDVS has adopted all levels of NSQF which was notified by the Ministry of Finance in 2013 for providing common reference framework for linking various vocational qualifications, setting common principles and guidelines for a nationally recognized qualification system & standards and providing course curriculum under competency-based framework that organizes all qualifications according to a series of levels of knowledge, skills and aptitude. NSQF is a quality assurance framework to integrate regular education with competency-based skill education for multiple pathways, horizontal as well as vertical, both with in classroom sessions and practical training and among vocational education & training, general education and technical education.

Recognition of Prior Learning (RPL)

In a country like ours where a majority of the workforce has not received formal training, RPL is a very important associated function of the NSQF which helps individuals, who have gained learning informally, i.e. through life, work and voluntary activities to get this learning recognized. RPL assessment and certification is one such unique process that enables candidates to align their existing competencies with the NSQF and continue their formal education. RPL also helps them explore different options in skilling and upskilling to bridge the knowledge and skill gaps.

University Industry Inter Linkage Centre (UILC)

In compliance of UGC notifications, UILC was established by FSDVS in 2015. The significance of university-industry interactions has become an important agenda of higher education on policy-making front at both national and international levels. FSDVS aims to have such collaborations with the industries for ensuring better skill development of candidates during the period of studies. FSDVS is actively working on fulfilling this need by creating and operating suitable collaborative arrangements with other Institutions and industries for promoting the University-Industry interactions in higher education.

CSR Project of Employability Enhancement

World Education Mission, which is also the sponsoring body of the AUS has been assigned many CSR projects funded by reputed organizations to FSDVS for skill training in various sectors. The training will enhance the employability prospectus of the youth of Arunachal Pradesh.

Charter

Charter signifies for grant of privilege to formally recognize the grantee's existing competencies obtained formally or informally which includes academic or non-academic or work experience. The privileges of charter are assigned by the authority based on evaluation for conferring a certification equivalent to formal academic qualification to the grantee. The AUS is duly authorized to impart NSQF aligned Charter Certification for the purpose of enhancing employable skills amongst trainees. Charter can be earned at a pace, convenience and capability of the trainees. Being NSQF aligned certificate, charter can be equated with corresponding level of formal education and alternatively accepted as base qualification for enrolment in formal Programme offered by AUS.

Deen Dayal Upadhyaya Grameen Kaushal Yojana

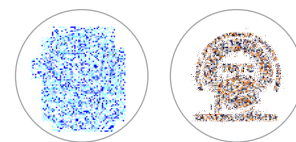

DDUGKY is the Scheme of Ministry of Rural Development (MoRD) as a part of the National Rural Livelihood Mission (NRLM), tasked with the dual objectives of adding diversity to the incomes of rural poor families and cater to the career aspirations of rural youth. It is focused on rural youth from poor families between 15 to 35 years. As a part of the Skill India campaign, it plays an instrumental role in supporting the social and economic Govt. initiated schemes like Make in India, Digital India, Smart Cities and Start-Up India, Stand-Up India campaigns. World Education Mission is the registered Project Implementation Agency for implementing DDUGKY scheme.

Green Skill Development Programme (GSDP)

GSDP Training on 'Bamboo Crafts' is an initiative of Environmental Information System (ENVIS) under Ministry of Environment and Climate Change. The FSDVS is registered participant of ENVIS and conducted trainings related to Bamboo Craft for the unemployed youth between 18-25 years of age. The outcomes of training are very encouraging; many of the trainees are still working with FSDVS for the development of Bamboo Crafts Product. The ENVIS and FSDVS has resolved to conduct regular trainings in various sectors for the benefit of unemployed youth under "Nai Manzil Programme" at NSQF Level 2.

Board of Practical Training (Eastern Region)

Under Ministry of Education, Govt. of India,
Department of Higher Education

AUS is recognized by Board of Practical Training (Eastern Region), Under Ministry of Education, Govt. of India, Department of Higher Education as one of its close partners in implementing NEP-2020, for conducting courses under Apprenticeship/ Internship embedded Degree Programme (AEDP).

The university will pay maximum monthly stipend of ₹ 3,542/- for the duration of apprenticeship/ internship.
Industry may provide stipend as per prescribed standards.

NEEM – National Employability Enhancement Mission

University - Industry - Interlinkage - Centre (UILC)

All India Council for Technical Education (AICTE) has appointed Arunachal University of Studies as its National Employability Enhancement Mission (NEEM) Facilitator for the Northeast Region. The NEEM Scheme has instituted AUS as the registered NEEM facilitator for providing On Job Training (OJT)/practical training to less privileged youth by the active collaboration of Industry by preparing them to be capable enough to find subsequent employment post completion of the training tenure successfully. This pioneering venture is to not just provide OJT to students but also counter the issues concerning skilled labour scarcity in India. Under the NEEM scheme, every candidate shall be given a stipend for the willingness to study under the initiative.

Arunachal University of Studies as a NEEM facilitator is the nexus between the industry and student. We at AUS are thoroughly working towards holistically bridging the humongous gap between the availability of skilled resources and the rapidly changing industrial demands. Moreover, to do this, we are primarily focused on generating skill-based human resources by placing special emphasis on the On Job Training so that student gain a very dynamic and productive industry penetration.

Namsai alone caters to nearly 12 important districts of eastern Arunachal Pradesh which covers around 50% area and 55% population of the state. AUS is the only University available to cater to the higher education needs of the eastern part of the country. Despite the geographical distances, the people of the region are aware of the University and its programmes offered. Besides, ever since the university's establishment, a distinctive impart of quality education for the youth including marginalized sections of the society has been witnessed. Therefore AUS objective now looks forward to encouraging the underprivileged youth (irrespective of gender, caste, religion, region, creed, and socio-economical) to grab apprenticeship based on respective preferences to improve their skills and get jobs in the sector.

AUS has always been the forefront On Job Training provider in the state of Arunachal Pradesh. Earlier, University-Industry Inter-Linkage Centre (UILC) was launched in the year 2014 under the Faculty of Skill Development and Vocational Studies following the University Grants Commission (UGC) communication vide reference D.O. No.F.1-14/2015 (CPP-II). The sole purpose of UILC was to offer practical and on the job training to enhance the industrial absorption of the youth of the state of Arunachal Pradesh.

Arunachal Pradesh due to its geographic conditions poses has one of the toughest challenges of the country with respect to growth. Lack of industry, basic infrastructure, feasibility, connectivity etc. is just a few of the constraints that need to be tackled immediately. However, despite all the laybacks, Arunachal Pradesh has enormous potential in tourism, healthcare services, education/skill development, handloom & handicrafts, food processing etc. and AUS desperately wishes to change the overall employment pattern of the state

The University always had a vision in creating an ecosystem that would bring back the dignity of labour in all profession by creating sustainable sources of wage for every deserving youth in this country. AUS stands in pride in becoming part of the reputed NEEM scheme under the Government of India and looks forward to the training workforce in Arunachal Pradesh as per the requirements, ensuring that they get absorbed in the industry based on their skills.

NAVSRIJAN (Directorate of Continuing Education)

“Navsrijan” is a Sanskrit word meaning novelty. Navsrijan – education above all initiative, is a social educational scheme of the Directorate of Continuing Education, Arunachal University of Studies. Navsrijan was devised by Late Prof. G.N. Pandey, the Founding Vice-Chancellor of the University. It is a unique initiative that generates an opportunity for school dropout students to re-enter mainstream education following the National Skill Qualification Framework of the Ministry of Human Resource Development, Govt. of India.

Objectives of the Navsrijan Scheme is as follows:

1. To facilitate dropout students to continue their education, by way of providing bridge courses, Pre-University Programme and Graduation etc.
2. To improve teaching facilities and increase the number of registration in Commerce and Science streams
3. To improve the level of education and the passing percentage of students.
4. To conduct active students/teachers interaction on regular basis.
5. To ensure that the successful students continue their higher education into the university or other institution of higher learning

The state of Arunachal Pradesh has been exponentially developing in the field of education with a vivid focus on expansion, equity, and excellence. Hence, Arunachal University of Studies has introduced the “Navsrijan Scheme” with an effort to reach unprivileged population living in remote areas of the State and to bring equity amongst the society.

The university is making determined efforts to ensure quality education across the state to provide education to the regular and discontinued youth belonging to all sections with an emphasis on lower socio-economic sections of the society. Arunachal Pradesh being a land of positive diversities equally faces severe challenges in terms of its topography, roads connectivity, electricity supply, internet connectivity, etc. As per the 2011 census, the overall literacy rate of the State is 65.38, were male: female literacy rate is 72.55%: 52:53%, which is far below the national average.

AUS believes that the bigger challenge that needs to be addressed is the students' dropout rates, which is up to 80% at secondary and senior secondary level. Hence, to do this, the Ministry of Minority Affairs, Government of India, has confirmed the enrolment of Nai Manzil Scheme under the Navsrijan Scheme of Directorate of Continuing Education of Arunachal University of Studies.

The schemes ensure to get wider publicity and has been addressing challenges in terms of the failing academic standards of the state. AUS through the Navsrijan schemes advocates providing adequate learning resources through the delivery of highly qualified and competent faculty members, well-equipped classroom infrastructure and a holistic approach to the teaching pedagogy.

Discipline

Student Discipline

Every student should attempt to uphold the high ethics, the good name, and the prestige of the University. Therefore, students shall behave in a disciplined manner and follow all the instructions issued by the Arunachal University of Studies Act 2012, from time to time. No student shall indulge in any kind of misconduct/antisocial activities/ act of indiscipline, within or outside the premises of the campus. Failing to do so might subject to strict disciplinary action or might as well face expulsion from the University. No student should take the law into his/her own hands, whatever the circumstances may be. The use of violence by a student on any other person shall be viewed seriously and dealt with penalty. Teasing, name-calling and foul languages are not tolerable within and outside of the University. Students are encouraged to be well mannered and dutiful to all associates of the AUS family. In case of violation of University Student Discipline Regulations made under the Arunachal University of Studies Act 2012, the university is empowered to take an appropriate action, which may include disciplinary actions, or legal criminal action against the violator. Following are more precise and detailed disciplines every student needs to study to avoid any severity.

Prohibition of Ragging

Ragging in any form is strictly prohibited. If any incident of ragging comes to the notice, the authority would expel the student from the University.

The University will not show any leniency to a misbehaving student and would initiate disciplinary action whenever occasion demands. At the time of admission, every student and his/her parent/guardian shall be required to sign a declaration to the effect that he/she submits himself/herself to the disciplinary jurisdiction of the Vice-Chancellor and the other authorities of the University.

All powers relating to discipline among the students are vested with the Vice-Chancellor. The Vice-Chancellor may delegate all or any of his/her powers as he/she deems proper to any of the Officers of the University specified by him/her. The Vice-Chancellor's decision shall be final in all matters of discipline of the students.

Specific Rules for Student Discipline

1. Students are expected to use only courteous and polite language and behave with decorum with others including the faculty members and the staff.
2. Students shall avoid using any insulting, inciting, threatening and explicit language when talking with fellow students and should abstain themselves from violence.
3. Students shall not talk or act in any manner that would bring disrepute to the University.
4. The students shall be regular and punctual in attending classes and all activities connected with the University. Attendance of minimum 75% compulsory for appearing in the examinations.
5. Gathering in groups at roads, entrance, exit and pathways is strictly prohibited.
6. The students shall maintain discipline in the class irrespective of the presence or absence of the teachers.
7. No student is permitted to leave the classroom during class hours.
8. Students should not leave the class or attend it late under the pretext of paying fees, visiting the library etc.
9. Students are expected to read notices/circulars displayed on the University Notice Board. Ignorance of not reading any notice/circular thus displayed shall not be accepted as an excuse failing to comply with the directions contained in it.
10. All vehicles should be parked in the allotted place. Vehicles found parked in unauthorized places shall be impounded.
11. While attending University functions, the students will conduct themselves in such a way as to bring credit to themselves and to the institution.
12. Spitting, consumption of alcoholic beverages, smoking and littering inside the University campus is strictly prohibited.
13. Students are forbidden from entering the University office and the staff rooms during unspecified hours.
14. Students are prohibited from damaging the building or any other property of the University in any way. The cost of any damage shall be recovered from the responsible student(s).
15. Representation of complaints and grievances may be made individually to the Director (Admin) through the concerned H.O.D. or Discipline-cum-Grievance Committee / Proctorial Committee.
16. No meeting/function of any kind shall be held in the University premises without the written permission of the Vice-Chancellor.
17. No notice of any kind shall be circulated among students or displayed on black boards or on notice board without the written permission of the Vice-Chancellor. No information or report should be sent for publication/circulation in any media without the permission and approval of the Vice-Chancellor.
18. The University administration will deal strictly with the student(s) who mislead or spread false rumor thereby provoking other students by involving them in undue mob formation & strike.
19. The students are expected to take up all assignments, tests, sessional exams and semester/yearly examinations of the University seriously and would try to perform the best in the tests & examinations.
20. Misconduct during examination, production of false information or documents for admission purpose and the failure to return loaned materials or fee arrear with the University would be dealt seriously.
21. Ragging and Eve Teasing are considered as crime and strictly prohibited by an act promulgated by the Government of Arunachal Pradesh with the penalty of Rs.10,000/- and two years' imprisonment. If any student indulges in any form of ragging or Eve-Teasing inside the University campus, hostels or outside, he/she will be summarily expelled from the University.
22. Each student of this University must possess Student Identity Card with his/her photograph affixed on it, duly attested by the competent authority. The students must compulsorily wear the Student Identity Card inside the University Campus.
23. Students shall come clean, tidy and modestly dressed in University uniform. Students not wearing uniform would be marked as absent for that particular day. If non-adherence to this rule is reported against a student often, severe action may be initiated against him/her.
24. Use of mobile phones in the Lecture Halls, laboratories & offices of the University is strictly prohibited. Violation of this rule by any student would result in impounding of the mobile phone and strict disciplinary action will be taken against the student.
25. Students should not involve themselves either directly or indirectly in any form of politics either inside or outside the University during their period of study. If a student fails to comply with this regulation, strict disciplinary action will be initiated against the student which may even result in the rustication of the student from the University.

Discipline

Library Rules

1. The Library is open to all the Students, Faculty and Staff of the University.
2. Readers are not allowed to enter the library with their personal belongings.
3. Readers are prohibited from engaging in any activity which may disturb or distract the attention of other readers and will result in severe disciplinary action.
4. No reader shall write upon, damage or make marks on any library book. Each student of the University will be issued two tickets. A book will be lent to a reader only in exchange of one of his/her tickets which will be returned back to the reader when he/she returns the book.
5. Date label and book pockets shall not be tampered with. Serious notice will be taken on any violation of this rule.
6. Library tickets are not transferable. A reader who misses a ticket shall follow the stipulated process including remittance of Rs.100 as a fine to get another Ticket. In case he/she happens to get the ticket at a later date, the reader should return the same immediately.
7. A reader who fails to return a book on the due date will be charged a sum of Rs. 10 per day as fine till he/she returns the book. Such a reader will not be allowed to use the library till the book is returned and fine paid.
8. At the end of each semester before receiving the Admit card, the student should return all the books to the library. Without a clearance certificate (NO DUE) to this effect from the Librarian, the University will not permit a student to write the End Semester Examination.
9. The Provisional / Diploma and Certificate shall be issued to the students only after they return all the books and remit dues outstanding against them.
10. Dictionaries and books which might be difficult to replace and such other books declared as Reference Books shall not be issued.
11. A book may be renewed for a further period of a fortnight provided:
(a) No other reader has applied for the book in the meantime and (b) not more than two consecutive renewals may be made for the same book.
12. In the case of books for which there is an exceptional demand, the period of loan may be reduced to fifteen days.
13. The Librarian in exigencies may recall any book at any time even if the normal period of loan has not expired and readers are not allowed to sub-lend the books of the Library.

14. Readers shall be responsible for any damage done to the books or other property belonging to the Library of the University. If the replacement of the books or other properties is not possible, four times the value of the book/property may be collected from the student concerned.

Attendance Rules

1. Students should attend all classes regularly and punctually.
2. Students must be punctual to each lecture hour. Students coming late to the class by more than five minutes will not be given attendance for that period.
3. Although the University prescribes a minimum of 75% of attendance, the University insists on regular attendance in all classes. Students are eligible for scholarships only when they earn more than 90% of attendance.
4. A student with less than 75% of attendance will not be eligible to write the Semester Examinations of the University.
5. Students are not permitted to absent themselves without prior permission.
6. An application for leave must be submitted in the prescribed form well in advance or at least a day before the leave is required.
7. When absence without prior permission is unavoidable the leave application must be submitted on the day of return to the University after the leave period.
8. Absence without leave for even a part of the day will be counted as absence for one day.
9. Students without Identity Card & proper Uniform will be marked absent.
10. If a student absents himself/herself for three consecutive days without leave his/her name will be removed from the rolls.
11. Removal of the names from the rolls shall entail forfeiture of attendance till the date of re-admission.
12. In case of any violation of rules and regulations by the student, action initiated against the student may include a warning or a reprimand, awarding a fail mark for an assignment or course, suspension or expulsion from a particular class or from the University, withholding of official documents, withdrawal of campus privileges and any other action which the University authorities deem appropriate at that time.

Code of Conduct

The Code of Conduct of the University are notified under the proviso of “The Arunachal University of Studies Act, 2012 (No. 9 of 2012)”.

A student shall be required to maintain minimum attendance of 75% in the aggregate of all the courses taken together in a semester / year.

All the students enrolled with the university are required to follow the code of conduct, decided by the management of the university from time to time.

Student who has been detained due to shortage of attendance shall not be allowed to be promoted to the next semester and he/she will be required to take re-admission and repeat all courses of the said semester with the next batch of students.

Dean of the Faculty concerned shall announce the names of all such students who are not eligible to appear in the semester-end examination, at least 4 calendar days before the start of the semester-end examination and simultaneously intimate the same to the Controller of Examinations. In case any student appears by default, who in fact has been detained by the Faculty, his / her result shall be treated as “null and void.”

The students are advised to ensure that they meet the minimum attendance requirement for appearing in the semester / year end examination failing which they shall not be allowed to sit in the examination. Students are also advised to maintain utmost expected discipline in and outside the University Campus. Disturbance of tranquility of the Campus in particular and society in general, through any means shall be treated as an act of indiscipline and suitable disciplinary action shall be taken against the defaulting students. Students are advised to wear the uniform while in campus and as per demand of the occasion.

The University has zero tolerance policy for indiscipline in and outside the campus by the students. Consuming alcohol, taking drugs, damaging University property, indulging in any kind of violence, misbehaving with fellow students/ teachers, ragging etc. are included in the list of undesirable activities and constitute the moral turpitude. Very strict action including suspension / rustication from the rolls of the University may be taken against the defaulting students..
